ROBUST PARTNERSHIPS

The Taiwan government works closely with the biotechnology industry and academia to support clinical trials and facilitate the development process.

Taiwan Clinical Trial Consortium (TCTC)

The TCTC was funded by the Taiwan Ministry of Health and Welfare, bringing together 14 disease-specific consortiums involving 300+ experienced principal investigators and medical professionals.

TaiwanClinicalTrials.tw

The Taiwan Clinical Trials website provides up-to-date comprehensive clinical trial information, including regulatory information, health statistics, and clinical trial centers.

Taiwan Principal Investigator Database (TPIDB)

The TPIDB is a public resource that contains information on clinical trials approved by the TFDA, combining 2,000+ PIs, 5,000 MDs, and operation site data.
